# THE OPPORTUNITY IS NOW.

## THE NUMBERS DON'T LIE.

The luxury watch market is on an unstoppable trajectory. This isn't speculation. This isn't hope. These are FACTS backed by billions of dollars in global transactions, year after year.

### \$50.06 BILLION

The global luxury watch market in 2025, projected to reach \$79.79 billion by 2033. That's a 6% compound annual growth rate. This market is EXPLODING.

### \$25 BILLION+

The pre-owned luxury watch market alone. Growing at 9.9% CAGR. Secondary market sales rose 10% year-over-year in 2024. Pre-owned is projected to reach PARITY with the primary market within the next decade.

### 550% PRICE GROWTH

The average Rolex price grew 550% over 15 years (2010-2025). Popular models appreciate 5-20% ANNUALLY. The Rolex Daytona alone surged 88% since 2019.

### 44% APPRECIATION

Specific models like the Rolex Datejust 36 (Ref. 126234, blue dial) appreciated 44% since 2020. These aren't lottery tickets. They're LIQUID ASSETS that you can HOLD or FLIP.

**This is not a get-rich-quick scheme. This is a REAL BUSINESS  
backed by a REAL asset class with REAL, verifiable growth.**

# WHY LUXURY WATCHES BEAT EVERY OTHER INVESTMENT

## X STOCKS & CRYPTO

Volatile. Unpredictable. One tweet can crash your portfolio overnight. You can't hold a stock in your hand. You can't wear your crypto. And you're at the MERCY of algorithms and market manipulation.

## X REAL ESTATE

Massive capital requirements. Illiquid. Months to close. Tenants, maintenance, taxes, and regulations. You need \$50K-\$100K+ just to get started, and you WAIT for returns.

## X MUTUAL FUNDS / INDEX FUNDS

7-10% annual returns if you're LUCKY. That's the best-case scenario. And you're locked in. Your money sits there while the world moves around you.

## ◆ LUXURY WATCHES

20-30% MONTHLY returns on inventory investment. Liquid -- watches sell in DAYS, not months. Inventory APPRECIATES even when held. Low overhead. No employees needed. No storefront required. Work from ANYWHERE in the world. And every single piece you own is a tangible, beautiful, appreciating asset.

*"The question isn't CAN you afford to do this.  
The question is can you afford NOT to?"*

**14 COMPONENTS. ONE COMPLETE SYSTEM.**

**Everything you need to launch, operate, and PROFIT.**

# YOUR INVESTMENT. YOUR FUTURE.

Let's talk numbers. Because in this business, numbers are what matter. And these numbers should make the decision EASY.

## TOTAL INVESTMENT

# \$14,995

One-Time. No Royalties. No Franchise Fees. Ever.

## LET'S DO THE MATH

- ◆ A single Rolex Datejust flip can net you \$1,500 - \$3,000 in profit.
- ◆ A Submariner or GMT-Master flip can net you \$2,000 - \$5,000+.
- ◆ At 20-30% monthly returns, a \$10,000 inventory investment generates \$2,000 - \$3,000/month.
- ◆ Your ENTIRE investment can be recovered in as few as 5-8 successful transactions.
- ◆ After ROI? It's ALL profit. Month after month. Year after year.

**RECOMMENDED: \$5,000 - \$10,000 additional liquid capital**  
for initial inventory and business costs.

Compare that to a franchise (\$50K-\$500K+), a restaurant (\$250K+), or a real estate investment (\$50K-\$100K+ down). This is a FRACTION of the cost **with FASTER returns and LOWER risk.**

# FROM OUR INVENTORY REAL WATCHES. REAL PROFITS.

These are ACTUAL watches from our wholesale inventory that our clients get exclusive access to. These are the pieces that move FAST and generate REAL returns.

### ROLEX DATEJUST 36

Two-Tone | Honeycomb Diamond Dial

### ROLEX DATEJUST 36
